Motion by Jensen, second by Suhr to approve the minutes of the July 14, 2013 meeting as printed. All voted aye.

Petitions and Communications:

A discussion was held regarding the County Fair using the City's bleachers. Superintendent Mead recommended if a donation is made to the City, as occurred last year, the City could revert the money as a contribution to the Fair.

Superintendent Mead was asked by Tim Hodkowicz, about utilizing bleachers from the park for a wrestling tournament being held in February. An estimated 2,500 or more people are expected during that weekend. It was general consensus of the committee to approve lending the bleachers to the wrestling program.

A discussion was held regarding Allied Co-op revamping their north parking area and a request for assistance from the City in repairing the road to alleviate drainage issues in that area. MSA was contacted for assistance regarding these drainage issues. The City is having other asphalt areas replaced that were previously removed for repairs.
